IF YOU THINK, AS TOO MANY DO, THAT

Life Insurance is a Compound of Mystery and Disappointment

TO THE INSURED,

IT IS PROBABLY BECAUSE YOU DO NOT KNOW THAT YOU CAN OBTAIN FOR A MODERATE PREMIUM A POLICY THAT IS ALMOST WITHOUT RESTRICTIONS AND THAT GUARANTEES TO THE RETIRING MEMBER, AT THE END OF ANY YEAR AFTER THE FIRST, A LIBERAL AND DEFINITE SURRENDER VALUE IN PAID-UP INSURANCE OR IN CASH, AS HE MAY PREFER.

THE

MUTUAL LIFE INSURANCE COMPANY

OF NEW YORK.

The largest assets—the strongest Company—gives the best profits—the oldest active Life Insurance Company in the Country.

Annuities sold; all forms of Life, Endowment and Partnership policies issued.

Paid Policy Holders in 1889 - - - $15,200,608.38
Total Paid Members Since Organization - - 287,681,947.12

This company has a record unequaled in the annals of Life Insurance, and parties who purchase its policies receive more for their money than in any other Company.

GEORGE H. SUTTON,

GENERAL AGENT,

317 Main Street, Fuller's Building, Springfield, Mass.

THE NEW YORK LIFE INSURANCE COMPANY

OF NEW YORK.

ORGANIZED 1845.

The New York Life Insurance Company transacts a larger Endowment and Annuity business than any other company. It secures—annually—a larger new business than any other purely mutual company in the world. It issues a greater variety of policies and bonds than any other company. Its policies issued since 1872, now maturing, give more profitable results than the policies of any other company. Recent settlements in this city and vicinity confirm that a policy in the **New York Life** combines both insurance and investment at high rates of interest.

E. P. HADLEY, Manager for Western Massachusetts.
A. P. CHILDS, General Agent for Vermont.

THE FIDELITY AND CASUALTY COMPANY OF NEW YORK,

with assets of over $1,000,000, organized in 1876, issues policies for General Accident, Railroad, Plate Glass, Surety Bonds, &c. Its accident policies contain all modern features at the lowest rates. Its surety bonds guarantee the fidelity of persons in every position of trust, including banks, railroads, mercantile and financial institutions, court bonds, &c. Information or rates cheerfully given.

SPRINGFIELD STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets, avenues, or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 298, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.

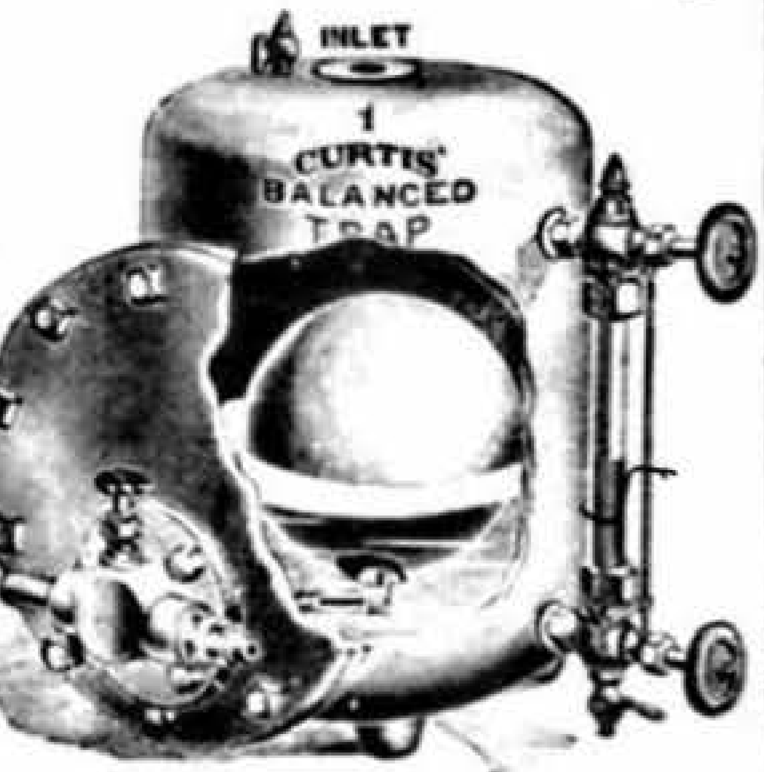
CURTIS
Balanced Steam Trap.



NET PRICE LIST.

Condensing Capacity in Feet of One-Inch Pipe.

No. 1. 4,000 ft., 3-4 in. Valve, .	$30.00
No. 2. 7,000 ft., 1 in. Valve, .	$40.00
No. 2 1-2. 10,000 ft., 1 1-4 in. Valve, ...	$55.00
No. 3. 15,000 ft., 1 1-2 in. Valve,	$75.00
No. 4. 26,000 ft., 2 in. Valve, .	$100.00
No. 5. 40,000 ft., 3 in. Valve, .	$125.00

GLASS WATER GAUGE, $4.00 EXTRA.

SOME POINTS OF SUPERIORITY OVER OTHER TRAPS.

1. Large discharging capacity, as the area of valve is equal to pipe connections.
2. The very small amount of leverage required to open discharge valve, the same being so nearly balanced with the pressure on both seats.
3. A clear, open passage from the inside of float into the atmosphere, thus giving free vent from interior of float of all condensation in the float.
4. The very small amount of room these traps occupy for the large amount of condensation they are capable of looking after, and the great simplicity of the entire apparatus.
5. The float has great lifting power; is made of hard composition; is perfectly round, and is the strongest float made against collapsing.

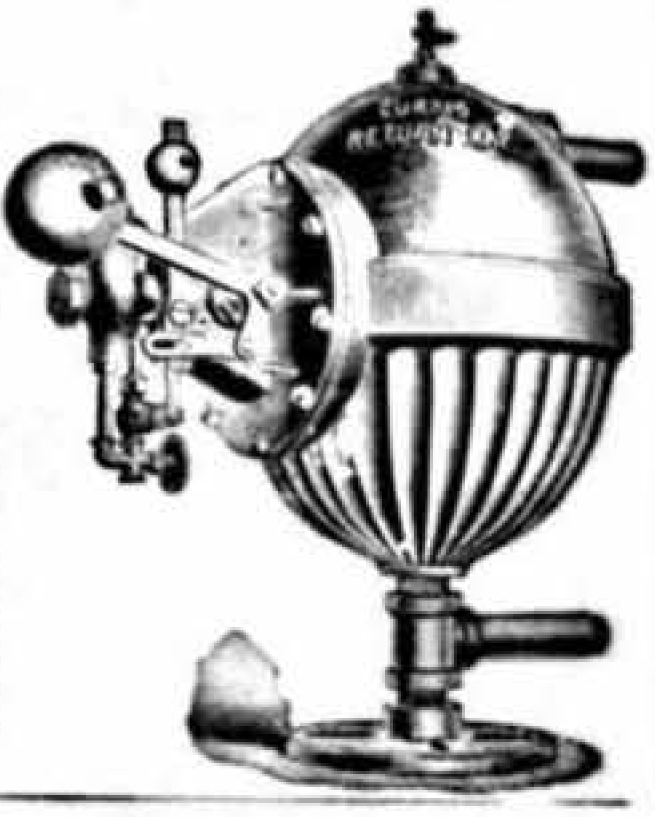
These traps having balanced valves, work equally well under a low or high pressure. We have some working under 150 lbs. pressure, and some on 1 lb.

GENERAL AGENCIES.

No. 109 Liberty St., New York.
No. 2085 North Front St., Philadelphia
No. 218 Lake St., Chicago.
No. 220 S. Third St., Minneapolis.

THE
CURTIS
PATENT
Return Steam TRAP.

AUTOMATICALLY returns the water of condensation from any surface **INTO THE BOILER.** It will return the water from **LOW PRESSURE** circulation into a high **PRESSURE** boiler. **IT IS NOISELESS, POSITIVE, SIMPLE AND DURABLE.**



THE CURTIS
PRESSURE REGULATOR
For Steam and Water.

This valve contains a novel combination of old and established principles, is made ENTIRELY OF METAL; occupies the same space as a globe valve, for the same size pipe, is a lock valve, is very simple and sensative.

It has no glands, or packing, and the seat may be made of any suitable material for steam, water or any other gas or fluid.

It is used on STEAM HEATING APPARATUS, DRYERS, SLASHERS, JACKET KETTLES OF ALL KINDS, AIR AND WATER PUMPS, ETC., and, in fact, everywhere that air, steam or water needs to be controlled automatically.

WHAT WE CLAIM FOR IT.

1. It will fully control the outlet valve on a change of temperature of five degrees. 2. The outlet valve has an area nearly equal to the area of the connecting pipes. 3. It will discharge **air** as freely as water, and remove **large quantities** of air as fast as the steam will displace it. 4. Any trap will work from 1 to 100 pounds pressure. 5. It is **small, simple, durable** and **accessible.**

FIRE ALARM TELEGRAPH.

Instructions to Key Holders—

Key holders, upon positive information of a fire, will unlock the box, and, if the bells or the small bell in the box is not striking, pull the hook down to the end of the slide once and let go immediately. Do not strike an alarm when the bells or the small bell in the box is striking, for in that case the alarm is already striking, and to give a second one would confuse the firemen. After giving an alarm, remain, if possible, until the steamers arrive, to direct them to the fire. If you hear no clicking sound in the box after pulling the hook, go to the next box, and give the alarm from that.

Do not give an alarm for a fire at a distance, *nor for a burning chimney*. Do not strike the alarm more than once from the same box. Be sure the box is locked before you leave it

FIRE AND BUILDING DISTRICTS.

That part of the City embraced between Union street and Ferry and Cypress streets, and between the Connecticut river and Maple and Chestnut streets, and also one hundred and fifty feet each side of Main street, from Union south to Fremont and Central, and from Ferry and Cypress north to Bradford and Carew streets, is declared by law a fire district, within which wooden buildings are not to be erected. The same portion of the City is also declared to be a building district, and the Chief Engineer of the Fire Department is appointed Building Commissioner, and receives a salary of $50 a year for services in that capacity. Within this district, according to law, no building shall be erected till the plans and specifications thereof, so far as they indicate the material, height and thickness of the walls, and the material of the roof and cornices and other projections shall have been approved by a commissioner appointed for that purpose. Whoever shall commence or authorize the erection of any building within said fire limits without having first obtained the approval of the plans and specifications thereof by the said Building Commissioner, in accordance with the provisions of this ordinance, shall forfeit and pay a penalty of One Hundred Dollars for such offense; and it shall be the duty of the Mayor, whenever notified of any violation of this ordinance, to take measures to prevent, by injunction or otherwise, the erection of any such building.

Women's Christian Association Boarding-Home—19 Bliss street. Officers of the association—President, Mrs. W. S. Buxton; Vice-President, Mrs. E. H. Patch, Evans House; Second Vice-President, Mrs. E. B. DeWitt; Third Vice-President, Miss A. P. Gilbert; Corresponding Secretary, Mrs. John H. Foster; Clerk, Mrs. George H. Ireland; Treasurer, Mrs. Albert Dwelly; Matron, Mrs. Cobb. The Board of Directors consists of two or more ladies chosen annually from each church in the city. Regular meetings of the board the second Tuesday in each month. Special meetings will be announced in the daily papers. Annual meeting of the association, the third Tuesday in May.

The executive committee, with the treasurer, meet on the first Tuesday of each month. The object of this association is the improvement of the religious, intellectual, social, and temporal welfare of women in this city, especially of young women. On the 22d of October, 1878, a boarding-home, for young ladies was opened to the public and proved to be more of a success than the ladies hardly dared to hope, even in their most enthusiastic moments. So great was the progression of public favor, as manifested in the demand for more commodious quarters, that, during the year 1879, the boarding-home, 27 Vernon street, was erected, which was subsequently abandoned when, on May 1, 1885, the new boarding-home, No. 19 Bliss street, was opened. It can accommodate about fifty boarders. With the attractive parlors, the piano (which is free for the use of all the inmates), books, daily and weekly papers and periodicals (furnished by kind friends), with the pleasant social gatherings, and the daily evening gathering of the family for their devotional exercises, consisting of reading the Scripture, prayer and singing, no young lady can long be an inmate of the home, and be indifferent to its kind and loving atmosphere. Prices for board and room range from $3.25 to $5 per week, according to location of room. Table board alone, $3 per week; transients, $1 per day or $5 per week. Ladies residing in other places, on coming to the city to trade, find the "Home" an excellent place to obtain meals and rest. Application for admission to the boarding-home may be made to the matron or to any of the following committee on admission to the home: Mrs. E. H. Patch, Evans House; Mrs. A. F. Jennings, 50 Howard street; Mrs. A. J. Pease, 88 Court street.

Young Women's Guild—Rooms 142 State street. This association was organized October 12, 1887. Its object is social and educational purposes. Classes are formed in calisthenics, embroidery, German painting, dressmaking and penmanship.

The rooms are always open, and visitors will be welcomed by the matron, Miss Bascom. Business meetings are held the first Monday in each month. Officers are elected annually. President, Mrs. O. M. Hamilton; Vice-Presidents, Misses Sarah P. Birnie, M. S. Bradford and M. L. Dunbar; Secretary, Miss Carrie A. Twitchell; Treasurer, Miss Lillia F. Frazer; Chairman of Class Committee, Mrs. J. K. Davidson; Chairman of Rooms Committee, Mrs. M. Merritt; Chairman of Entertainment Committee, Mrs. W. P. Mattoon. Executive Committee consists of the officers of association and chairmen of committees.

School for Christian Workers—The building is on Armory Hill, corner State and Sherman streets. It contains in addition to the recitation and other rooms necessary for school purposes, a complete suite of Young Men's Christian Association rooms—including a fine gymnasium equipped with modern apparatus, baths, etc.,—and dormitories for about fifty students. It was incorporated Jan. 28, 1885. It is the only institution of its kind in the world, its design being to train young men to be general secretaries of Young Men's Christian Associations, gymnasium directors, and superintendents of Sunday-schools and pastors' helpers; 62 students were in attendance last year, besides 56 at the summer session of the Gymnasium Department, coming from all parts of the United States and Canada and from France. Officers—Rev. David Allen Reed, President; Rev. J. H. Vincent, D. D., Vice-President; Charles Marsh, Treasurer; Rev. S. L. Merrell, Recording Secretary; Corresponding Secretary, O. C. Morse; Executive Committee, H. S. Lee, J. H. Appleton, C. H. Southworth, S. F. Chester and the officers. Instructors, Rev. David Allen Reed, Oliver C. Morse, Rev. T. H. Hawks, D. D., Rev. S. L. Merrell, J. T. Bowne, Luther Gulick, M. D., Rev. E. P. Armstrong. The sixth school year begins September 3, 1890.

The Highland Baptist Women's Aid Society—Organized for mission work. Meet at Highland Baptist Church corner State and Stebbins streets. President, Mrs. E. E. Hollister; Vice-President, Mrs. M. A. Maynard; Secretary, Mrs. Carrie Watts; Treasurer, Mrs. W. S. Gregg; Directors, Mrs. Gaylord, Mrs. Barbour, Mrs. Whitlock and Mrs. Billings.

Union Relief Association—This association is an organization for the systematic dispensation of charity throughout the city. It has an office in the City Hall in charge of James H. Lewis. The President is Dr. C. C. Chaffee; Vice-President, James Kirkham; Secretary, James H. Lewis; Treasurer, Albert T. Folsom; the Board of Managers are A. T. Folsom, E. Brookings, Dr. C. C. Chaffee, James Kirkham, Rev. J. C. Brooks, Rev. Michael Burnham, Rev. J. Cuckson, Phebe A. Sprague, M. D., Mrs. A. S. Holt.

Departments of the Union Relief Association—Industrial House—No. 78 Bliss street. The object of this institution is to help the destitute to help themselves, and is the practical outcome of the observations of the women visitors of the Union Relief Association. The work began by establishing a day nursery in 1883; to this was added an employment registry in 1885, and a laundry and provident dispensary in 1886. The house now occupied was purchased in 1886 by the subscriptions of individuals desirous of promoting this form of charity work. Young children of laboring women are cared for and fed during the day, for which a small fee is charged. Applications filled without charge for women to work at washing and house cleaning by the day. Family washings done in a satisfactory manner in the laundry at reasonable prices. Board of Managers: President, Mrs. Harriet N. Hosley; Secretary and Treasurer, Elizabeth A. Kirkham; Corresponding Secretary, Miss Jennie E. Law; Mrs. S. N. Heywood, Mrs. Hamilton F. Downing, Mrs. F. S. Bailey, Mrs. Harlan P. Stone, Mrs. Charles Hall, Mrs. E. S. Tobey, Mrs. F. M. Bugbee.

Provident Dispensary—78 Bliss street. The need of this is to prevent pauperizing such families or individuals as, when overtaken by sickness or accident, have no resource but the employment of the City Physician. Requests for attendance of the City Physician must be made by application to the agent of the Overseers of the Poor, and the names of those requiring his services are recorded as applicants for aid. It is often desirable to prevent this as the first step to dependence, and in other cases suffering, caused by unwillingness to apply to the city, would be prevented. A small charge for medicine is made. Board of Physicians: M. Calkins, M. D., Wm. H. Andrews, M. D.

Seraph Frissell, M. D., Urbane H. Flagg, M. D., Jonathan B. Hammersly, M. D., Sarah M. Wilbur, M. D., John Blackmer, M. D.; C. H. Calkins, M. D., eye and ear. On the 8th of December, 1888, an outdoor department was organized, and applicants for its aid should apply to James H. Lewis, Secretary. Persons wishing to obtain the benefits of the charity may also apply at 78 Bliss street, where the desired information may be obtained and medical advice secured.

Hampden County Guild of the Good Shepherd—President, James A. Rumrill; Vice-President, Homer Foot, jr.; Treasurer, F. W. Dickinson; Clerk and Corresponding Secretary, Rev. John Cuckson; Trustees, James A. Rumrill, F. H. Harris, A. M. Copeland, Mrs. James E. Russell.

Home for Friendless Women and Children—These two institutions were formerly conducted under one roof at No. 62 Union street, a corporation for this purpose having been organized in 1865, by ladies interested in the reform of fallen women, the relief of the needy, and the care of destitute children. The number of inmates increased so rapidly, however, that in the course of a few years it became necessary to provide another establishment, and in 1871 the Home for Children was built on Buckingham street; since which time the house on Union street has been used for the reception of adults only, or for mothers with infants.

The institutions have continued under the direction of the same corporation, which is composed of 60 ladies, representing all the different religious societies of the city.

The government of this institution is vested in a board of managers, consisting of 30 ladies chosen annually by the corporation, from their own number, the board having power to fill their own vacancies during the year. An advisory committee of 7 gentlemen is appointed by the corporation, with whom the Board of Managers consult on all difficult or doubtful questions.

A meeting of the Board of Managers is held at the Homes alternately, once in two weeks, on Friday afternoons, notice of which is always given in the morning paper of that date.

The annual meeting of the corporation is held on the fourth Wednesday in January, the special time and place being determined by the Board of Managers. The officers for the present year are as follows: President, Mrs. Heman Smith; vice-presidents, Mrs. Eli H. Patch, Mrs. Wm. G. Breck; clerk, Miss Mary L. Jacobs; treasurer, Mrs. Geo. Church; corresponding secretary, Mrs. Geo. W. Tapley; auditor, Mr. Charles Marsh.

Applications for admission to the Home for the Friendless Women should be made to the matron at the Home, 61 Howard street, or to any of the following members of the woman's committee: Mrs. Eli H. Patch, Mrs. George P. Stebbins, Mrs. Oscar L. Greenleaf, Mrs. Wm. G. Breck, Mrs. Walter Bates. For admission to the Children's Home applications should be made to the children's committee who meet at the home on Buckingham street every Monday afternoon, to receive and consider such applications. Children's committee are as follows: Mrs. Geo. W. Tapley, Mrs. Henry Brewer, Mrs. David P. Smith, Mrs. Heman Smith, Mrs. Howard A. Gibbs, Mrs. Homer G. Gilmore, Mrs. Harlan P. Stone.

Springfield Home for Aged Women—Located at 630 Main street. It was opened Nov. 22, 1886; now contains 11 inmates, two of whom are boarders.

The Springfield Hospital—The Springfield Hospital was incorporated under the general laws of Massachusetts, December 24, 1883. On November 24, 1886, Dorcas Chapin, widow of Chester W. Chapin, died, bequeathing to the corporation $25,000 upon the conditions that a like sum should be contributed, and that the city of Springfield should give to this corporation its hospital and equipments. On January 17, 1887, William Merrick of Springfield died, making this corporation his residuary legatee. In April, 1887, by popular subscription the sum of $28,444.96 was raised, and in October, 1887, the city of Springfield deeded its hospital to this corporation, thus complying with the conditions of the will of Dorcas Chapin. In November, 1887, the Hernando Fuller farm on North Chestnut street, containing about 35 acres, was purchased by the

trustees, and in accordance with plans adopted May 15, 1888, the present hospital was erected thereon. Saturday, May 4, 1889, the hospital was dedicated with appropriate exercises, and opened for the reception of patients on the following Monday.

LIBRARIES AND FREE READING ROOMS.

City Library, Free Reading Room, and Museum of Natural History—Located in the Library building on State street, above Chestnut, and open daily. The number of volumes May 1, 1890, was 72,485, exclusive of unbound pamphlets; 3,709 volumes have been added the past year. The directors intend to purchase all the new works of popular interest as they appear, and are also continually adding to the Library standard works of permanent value in the various departments of literature, science and art.

Inhabitants of Springfield over fourteen years of age are entitled to draw books, on giving satisfactory references and subscribing to a pledge to conform to the regulations.

They can take one volume at a time, or two volumes of one work, and can retain books drawn for two weeks, unless in the case of new books in special demand, which may be restricted to one week.

The use of the Library on the premises is free to all.

Catalogues are furnished for use in the Library, and are also for sale to those who wish to purchase.

Connected with the Library is a Free Reading Room, well supplied with American and foreign newspapers, magazines, and reviews.

The Library is open on Monday from 12 o'clock m to 9 p m, and on every other week day, except the legal holidays from 10 a m until 9 p m.

The Reading Room is open at the same hours as the Library on week-days, and open also on Sunday, from 1 to 6 p m.

H. Appleton, R. F. Hawkins, Auditors; Rev. William Rice, Librarian; Miss Alice Shepard, Miss Mary Medlicott, Miss Julia E. Smith, Miss C. B. Woodman, and William C. Stone, Assistant Librarians.

The new Library building ranks among our finest public edifices, and cost, with the land, about $125,000. It was designed by George Hathorne of New York, and built of brick, with facings of granite and Ohio stone; it stands sixty feet from the street, and is one hundred feet long and sixty-five wide. The Reading Room and Museum occupy the first floor, and above is the Library proper.

Museum—Curator, Solomon Stebbins. Open to the public on Wednesday and Saturday afternoons from 1 to 6. It has about 1,500 species, and upwards of 3,800 specimens of shells, classified by Dr. George A. Otis, formerly surgeon of the 27th Massachusetts Regiment; also 1,000 specimens of stuffed birds; 120 stuffed quadrupeds, including two enormous wild-cats killed in this county; 115 species of fish and reptiles; small cabinets of coral and crustacea; an extensive mineralogical cabinet; a large and very curious collection of fossils; numerous Indian and foreign antiquities; several flags and various trophies captured from the Southern rebels by our home

troops. Additions are frequently made by the generosity of our citizens. Donations for the Library or Museum may be left with the Librarian, Rev. William Rice.

Boston and Albany Railroad Free Circulating and Consulting Library—Located in the general office building, opposite depot. Organized February, 1869. The number of volumes in Circulating Department is 2,131; Consulting Department, 387; total, 2,518 volumes; 120 volumes have been added the past year. The Library is open on Wednesdays from 7 to 8 a m, and 12 m to 1.30 p m, for Springfield and West Springfield borrowers. Library books may be retained two weeks and renewed at the expiration of that time for one or two weeks additional by giving notice of same to Librarian. Catalogues are for sale to employes who wish to purchase; price, fifteen cents.

Station agents return books to Library on Tuesdays, and books are sent to the different stations on the main line and branches on Thursdays of each week. James A. Rumrill, A. B. Underhill, J. M. Griggs, Directors; E. L. Janes, Treasurer and Librarian.

Harry Wadsworth Club's Free Reading Room for Boys—Street Railway block, corner Main and Bond streets. Open every evening, except Sunday and Tuesday, from 7 to 9 o'clock. POSTAL INFORMATION.

Important Extracts from the Rules Governing the Post Office Department.

First-Class Matter—Matter which is in writing, or other matter containing a written inscription in the nature of personal correspondence, and matter which is sealed against inspection, are, by their nature and the intent of the law, first-class matter, and subject to the postage rate of two cents for each ounce or fraction thereof. On local or drop letters, at all free delivery offices two cents for each ounce or fraction thereof—other offices one cent.

Second-Class Matter—Mailable matter of the second-class embraces all newspapers and other periodicals, publications which are issued at stated intervals and as frequently as four times a year, and are within the certain conditions. (For these conditions apply at the office.)

When sent as transient matter, by other than the publishers, one cent for each four ounces or fraction thereof. Local postage at free delivery offices one cent for each paper. Periodicals weighing two ounces two cents each, less than two ounces one cent each.

Third-Class Matter—Mail matters of the third-class shall embrace books, circulars and other matters wholly in print; proof sheets, corrected proof sheets and manuscript copy accompanying the same, and postage shall be paid at the rate of one cent for each two ounces or fractional part thereof; and shall be fully prepaid by postage stamp affixed to said matter.

A circular is defined to be a printed letter which is being sent in identical terms to several persons. It does not lose its character as such by writing the name of the addressee or sender therein, nor by the correction of a mere typographical error in writing.

Permissible Additions to Third-Class Matter.—Upon matter of the third-class, or upon the wrapper or envelope enclosing the same, or the tag or label attached thereto, the sender may write his own name, occupation, and residence or business address, preceded by the word "from," and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors. There may be placed upon the blank leaves or cover of any book, or printed matter of the third-class, a simple manuscript, dedication or inscription not of the nature of a personal correspondence. Upon the wrapper or envelope of third-class matter or the tag

or label attached thereto may be printed any matter mailable as third-class, but there must be left on the address side a space sufficient for a legible address and necessary stamps.—(Act of January 20, 1888.)

Fourth-Class Matter—Includes merchandise and samples of merchandise, models, samples of ores, metals, minerals, seeds, etc., and any other matter not included in the first, second or third classes, and which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail-bag, or harm the person. Postage rate thereon, one cent for each ounce or fractional part thereof.

Permissible Writing or Printing upon or with Fourth-Class Matter.—With a package of fourth-class matter prepaid at the proper rate for that class, the sender may enclose any mailable third-class matter, and may write upon the wrapper or cover thereof, or tag or label accompanying the same, his name, occupation, residence or business address, preceded by the word "from," and any marks, numbers, names or letters for purpose of description, or may print thereon the same, and any printed matter not in the nature of a personal correspondence, but there must be left on the address side or face of the package a space sufficient for a legible address and necessary stamps.—(Act of January 20, 1888.)

The tag or label with the printing or writing authorized thereon, may be attached to the whole package, or separate tags or labels, bearing the same, may be attached to each of one or more articles contained in the package.

The postage to Canada is the same as domestic postage.

The uniform fee for the issue of a postal note is three cents. A postal note will be issued at any money order office, payable at any other money order office, for any sum from one cent to four dollars and ninety-nine cents, but not for any sum including a fraction of a cent. No written application for a postal note is required. There is no limit to the number of postal notes that may be issued from the same office on the same day to the same person. A postal note is valid until three months from the last day of the month of issue. The postal note is made payable to bearer, and hence to whomsoever presents it. If a postal note be lost or destroyed, no duplicate can be issued; but duplicate of an invalid note (one not paid within the given time) can be procured.

The fee on any registered matter, domestic or foreign, is fixed at ten cents on each letter or parcel, to be affixed in stamps in addition to the postage. Two or more letters or parcels addressed to or intended for the same person cannot be tied or otherwise fastened together and registered as one.

Special Delivery—A special ten cent stamp affixed to any article of mailable matter in addition to the ordinary postage, insures its delivery by special carrier immediately upon its arrival at the office of destination, between the hours of 7 a m and 11 p m at free delivery offices, and 7 a m to 7 p m at other offices. But this delivery will only be made within the carrier limit at letter-carrier offices and within one mile of post offices at all other places.

UNITED STATES ARMORY.

Commanding Officer, A. R. Buffington, Colonel Ordnance Corps; Assistants to Commanding Officer: Captain J. C. Clifford, Captain S. E. Blunt and Major W. H. Rexford. The post has at present a garrison of thirty men.

The chief arsenal of the government for small arms is here, and there are now stored in it about 50,000 rifles, model 1884, which are subject to issue to troops and the militia. The present manufacture is about 140 rifles or carbines per day.

CEMETERIES.

There are six burial places in town—four of which are in the eastern part.

Church Street Grave Yard—This is the oldest burial ground in the town, is well preserved, but it is almost impossible to decipher most of the inscriptions. Among those that can be read are "Nathaniel Dwite," died November, 1711, and Rev. John Woodbridge, first minister of West Springfield, who "fell asleep June 10, 1718." No body has been deposited in these grounds since the beginning of the present century.

Town Hall Cemetery—This is a burying ground lying between Town Hall and Park Street Church and was laid out about 1780. The first burial was that of Solomon Lathrop, in 1787.

Meeting House Hill Cemetery—These grounds are owned by the First Church Parish. The first burial in it was in 1808. It contains a soldiers' monument, a brown stone shaft about 20 feet high, bearing inscriptions of thirty soldiers of the 10th Massachusetts regiment.

Catholic Cemetery is located at Mittineague, and although but about twenty years old, several acres of land are already covered with graves.

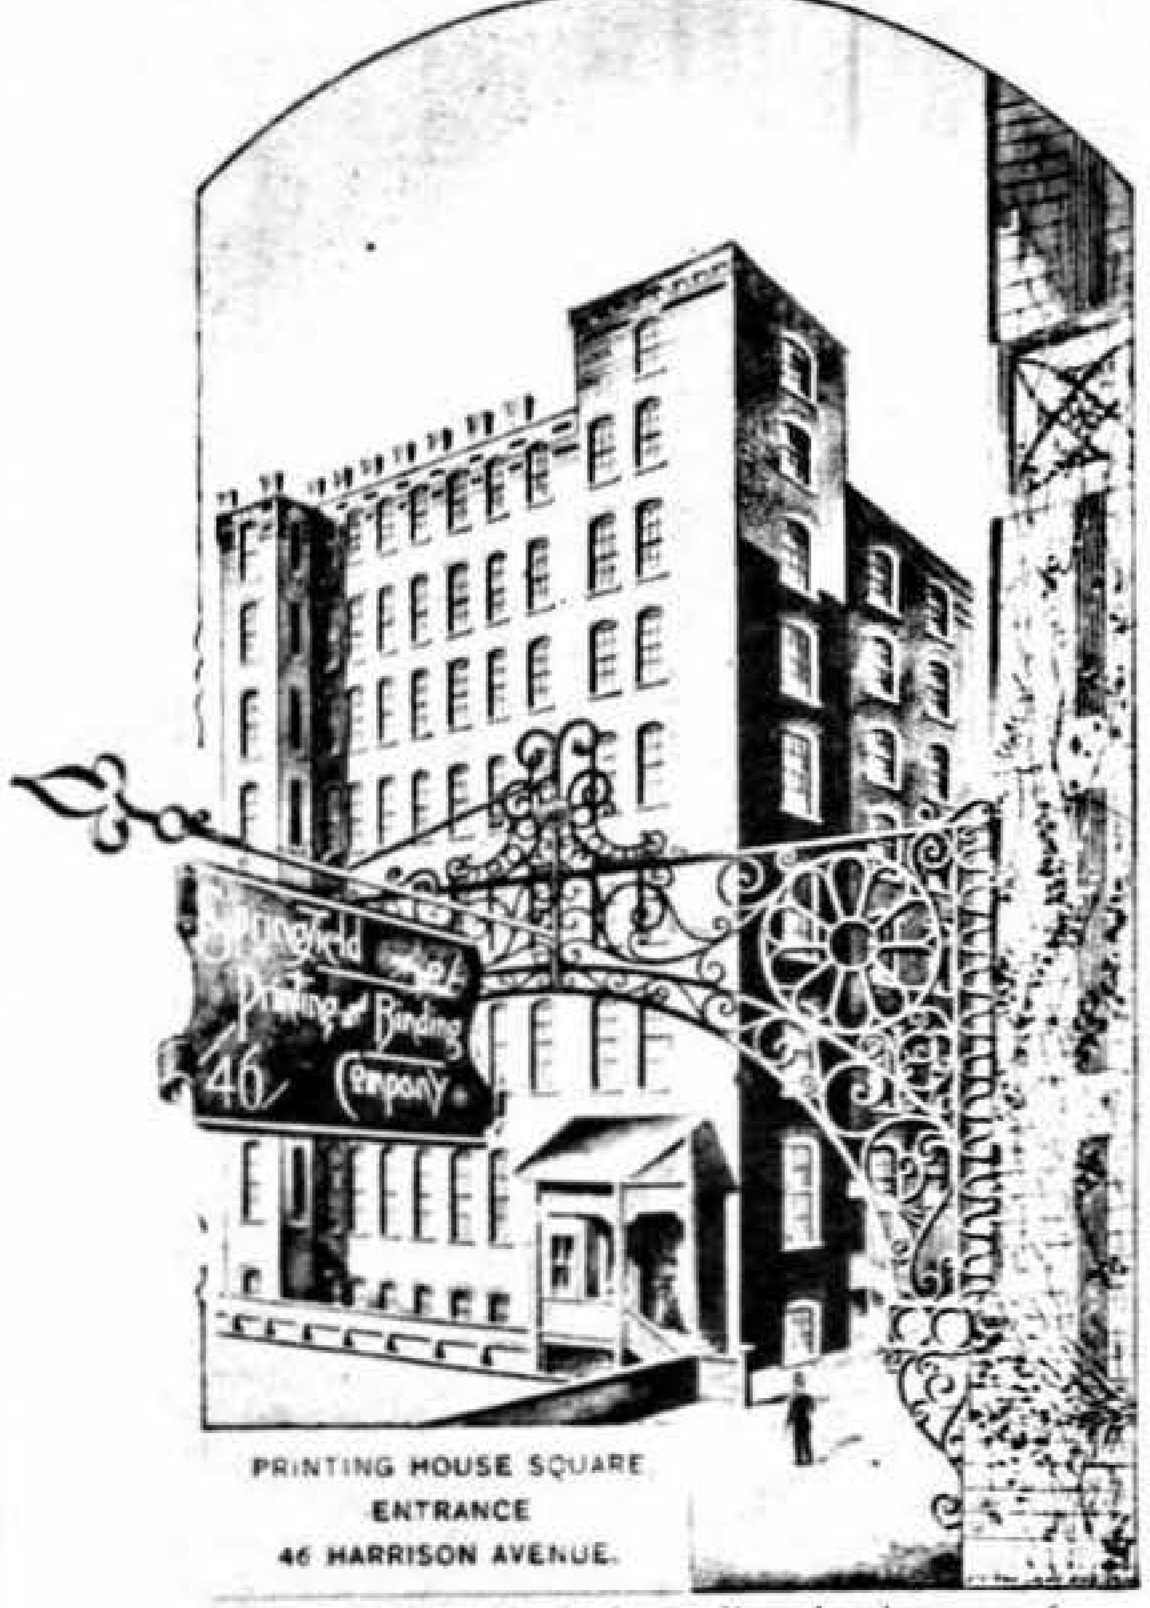
46 HARRISON AVENUE.

SPRINGFIELD PRINTING AND BINDING COMPANY.

This company was organized in 1885 to succeed the well known Springfield Printing Co., and occupies the substantial eight story building shown in the accompanying engraving, and erected expressly for the requirements of this great printing and book binding establishment.



PRINTING HOUSE SQUARE
ENTRANCE
46 HARRISON AVENUE.

The building is located about 150 feet back from the street, and has sufficient space about it to insure abundant light on all sides. The office is approached by an asphalt paved court leading from the handsome wrought iron arch at Harrison avenue; and for the delivery and shipment of freight teams are admitted to the rear of the building at two entrances on Hillman street. This structure is the loftiest in the city, and its provisions for the admission of light and annihilation of fire are probably unsurpassed in any like establishment. Two elevators are used to carry the employes to their various work rooms, and these together with the mammoth freight elevator are enclosed in towers, separated by solid brick walls from the main building, and two large fire-proof vaults project from rear of basement, under ground. This remarkable provision against fire is appreciated by the publishing houses patronizing the company, and will not seem extravagant to those who know the great value of the book plates in the possession of this company. The entire eight floors are used exclusively for the printing and binding business, and every portion of every production is executed within the four walls and under one roof.

A more complete establishment, having greater good taste in arrangement, or more comprehensive mechanical facilities, is not to be found in this country. The work in all departments is performed with an eye single to excellence, and much of it is remarkable for originality of conception combined with beauty of execution. The various branches of the work are conducted with remarkable system, and are all under the sole personal management of the president, Louis H. Orr, with the exception of the electrotype department, located on one side of the fourth floor, which is owned and operated independently.

This company's work embraces every kind of printing for all purposes, and bindery work of every description, and their large facilities give them decided advantages over their competitors when close prices are required. Among their specialties may be enumerated illustrated catalogues and price lists, literary productions, artistic pamphlets and brochures, advertising novelties and calendars, book making, library and job binding, blank book manufacturing, paper ruling for paper makers, etc., etc.

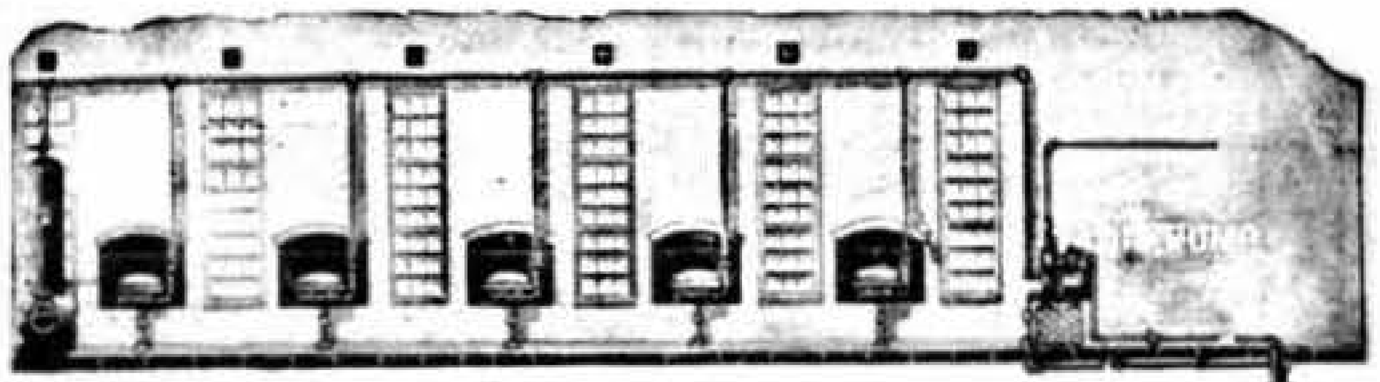
FORGING AND WELDING BY PETROLEUM AIR BLAST,

THE ONLY RIVAL OF NATURAL GAS! ECONOMY OVER COAL!



This Cut shows our System in Actual Operation in a Nut and Bolt Works where the output is about 40 Tons Daily. NO SMOKE, DIRT, OR ASHES. Continuous Fires all Day. Brass Work a Specialty. Insurance not Increased.

Drop Forgings, Shovel Welding, Heating Blanks for Bolts, Riveting Furnaces for Boiler and Bridge Work. Tinning Metals, Brass and Malleable Iron Muffles, Hoe, Fork and Rake Work, Cutlery Works, Brazing and Enameling Bicycle Parts, Mowing, Reaping, Harvesting, Binding, and Hay-Pressing Machinery, Tempering Furnaces for Axes, Chisels, Springs, Taps, Dies, Cutters and other Mechanical Tools, Scale Work, Varnish Factories, Railroad Repair and Locomotive Works, Glass and Copper Works, etc., or for any purpose where heat is required. One pound of oil will do the work of from 3 to 6 pounds of the best hard coal in forges, and do it better. All oil can be below the burners, thus preventing the flooding of furnaces through carelessness, and meeting the requirements of the insurance companies. Instructions of the Home Insurance Company to their Agents:

"If Oil is fed to Furnace by GRAVITY, Decline the Risk for us."
OURS IS NOT A GRAVITY PROCESS.

There is less liability of overheating or burning stock—and, in fact, it is every way superior to and cheaper than coal, and only equaled by natural gas in economy and cleanliness. NO FIRE SUPERIOR TO THIS FOR DRYING MALT. NO ODOR OR SMOKE. Recent tests on bolt heads and rivets show an increased strength in same grade of iron heated with this fire over same metal worked in a coal fire.

Testing for Foundations for Bridges or Buildings.

Sinking Pipe for Hydraulic Elevator Shafts.

By the use of our Artesian Well Drilling Machinery, we drill a six inch hole down through any formation of earth, sand, gravel, boulder or rock, using a heavy wrought iron casing until the rock bed is struck, then making a tight connection with this iron tube one or two feet in the rock. We then drill into the rock until plenty of pure cold water is found, which is always running in the seams of the rock. Where the rock is not found we always find a good vein of water in a strata of gravel, which insures pure water. We can always get a good well where it is impossible by any other method.

These wells will never need cleaning out, as nothing can get in from the top or sides. The water is taken directly from the living spring.

We have these wells in successful operation in different states, some of which are flowing. There can be no better wells or water than are obtained by drilling into rock until water is reached.

THE TALBOT RE AND DE CAPPER.

Showing Position for Re and De Capping.

All Gauges and Calibres

FOR

RIFLES and SHOT GUNS.

For Rifles, 22, 32, 38, 40, 45 Cal.

For Shot Guns, 10, 12, 14, 16, 20 Gauge.

THE TALBOT

Is a new departure in Re and De Cappers, and is simple and strong.

The mode of operation is to take out the old primer and set a new one without removing the shell from the standard.

It will close up into a smaller space than any Re and De Capper made, and can be readily carried in the pocket.

Two grades are now ready for the market.

Full Nickel Plate 75 Cents each.

If your dealer does not keep them they will be mailed on receipt of price. Address,

Closed for Carrying.

TALBOT'S ELECTRIC LINIMENT.

A sure cure for Neuralgia, Erysipelas, Rheumatism, Inflammatory Diseases.

Prepared by Z. C. TALBOT, 285 Quincy Street, Springfield, Mass.

Having used two bottles of your Electric Liniment for Erysipelas and Headache, I find it gives immediate relief, and would recommend "as one of the best." R. J. HANCOCK, 59 Sumner Ave.

As I have been a great sufferer from Inflammatory Rheumatism in the winters of 1883 and '84, I employed the best of doctors here, but I received little benefit from them, and in 1884 was so lame I had to use crutches. I was persuaded to try a Liniment made by Z. C. TALBOT. This Liniment cured me in two weeks, for I have not had a return of the disease since.

DESIGNS IN FLOWER BEDS.
SECOND EDITION.

This is a collection of over one hundred drawings for Ornamental Flower Beds with names of plants for arranging the same. The drawings are nicely engraved, printed on good paper, conveniently bound, and are a great help to gardeners and amateurs who wish to have their grounds arranged to the best advantage. Price $3. Sent by mail, postpaid.

"Something entirely new and very desirable for horticulturists, gardeners, and all who have grounds, has been gotten up by George A. Solly & Son, of Springfield, Mass. It is a book of carpet and other flower-bed designs. There are many beautiful plans, and they are so clearly drawn that any 'hired man' can lay out his employer's grounds according to them."—[New England Homestead.] Address the publishers.

SHERMAN KING VAPORIZER CO.

GENTLEMEN:—I have used your Vaporizer for an aggravated case of catarrh, with excellent results. In the mid-winter of 1888-9, I first tried the Vaporizer, and soon found myself free from catarrh, from which I had suffered for several years, especially in cold weather.

I have since used the Vaporizer during the past winter—one of the worst seasons known for catarrhal complaints—and have been entirely free from catarrh, the first winter season for many years.

Yours truly, CLARK W. BRYAN.

The United States Treasury Department says: "Cutting the figures ENTIRELY OUT is the only perfect protection against alteration."

Insure your Checks, Notes, and Drafts against Alteration or "Raising" by using

The Standard Automatic Safety Punch.

This machine cuts out the ENTIRE FIGURES, and must not be confounded with perforators or embossing stamps. In its results it embodies the most perfect protection known to modern banking. When this machine is used, no question can ever arise as to intent. The maker of a check (having complied with the fullest requirements of the law) at once shifts all further responsibility from himself. Having but one lever, and both punches and dies being made of best steel, it combines simplicity with great durability. Simplest, quickest, cheapest.

PRICE, $25 NET. **Send for descriptive letter.**

STEVENS SPECIAL FIRE ARMS.

Wherever shooting is done, in all parts of the world, the STEVENS RIFLES AND PISTOLS are being introduced and, on account of their superior accuracy, are preferred.

Stevens Pistols have made more brilliant records and have done finer work than any other pistol ever made.

Stevens Rifles have made records which were considered impossible.

Stevens Pocket Rifles are carried by ladies, anglers, tourists and hunters. They are marvels of accuracy, compactness and beauty.

Stevens Ladies' Rifle is the proper rifle for ladies. It is wonderfully accurate and has no recoil.

The 22 long rifle and 25 rim fire cartridges, the most accurate small bore cartridges made, were originated by this company.

These celebrated rifles and pistols are manufactured by

Men may come, and men may go, but the brook and the city directory and the life insurance company go on forever; and the policies in force in

The Massachusetts Mutual Life Insurance Co.

are about as many as the names in this book.

Some of the policies that were on the Company's roll a year ago have become claims, and more than three-quarters of a million dollars have been paid to their holders. Other members have needed money, and have felt the benefit of the liberal Massachusetts law that establishes a definite surrender value in cash for their policies, and

Applies only to Massachusetts Companies.

The places of all have been more than made good by new recruits, and in numbers, as in assets, the Company is steadily growing.

1845 PROTECTION AND PROFIT. 1890

TWO THINGS MOST DESIRABLE IN LIFE INSURANCE ARE:

1st—The Certainty of Protection to a Man's Family in case of his Early Death; and

2d—The Certainty of Profit to himself if he lives to Old Age.

THESE ARE COMBINED IN THE "TONTINE AND FIVE-YEAR DIVIDEND POLICIES" OF THE

New York Life Insurance Company.

ABOUT FORTY THOUSAND PERSONS

Insured in the NEW YORK LIFE INSURANCE COMPANY in 1890.* Look over the year and consider if you did as wise and prudent an act for your family, and—yourself. You are a man of family. Your earnings support your family. What they would have in case of your death this year, next year, within ten or twenty years, you know better than any other man living. But even you don't know very much about it very far ahead. What shape your business and your investments will be in a few years hence cannot be foretold. The best that can be said with any degree of certainty is, If you live you can take care of your family.

But these men who insure in the NEW YORK LIFE hold contracts, guaranteed by millions of dollars, which promise to pay to their families or estates from ten to fifty times the amounts annually paid by them, in case of their death during a specified time, or whenever it may occur. Moreover, many of them have the privilege of changing the contract, at the end of fifteen or twenty years, in any one of six different ways—as their circumstances may require. Isn't that a good contract to have, and would not the future look brighter and safer for your family and your estate if you had such a contract? Well, it may not be too late to get one yet. Better try it right away, because some men do wait too long. Several thousand applied last year, to whom the Company was obliged to say, "We prefer not to take the risk."
